Western New York / American Red Cross

The skills test will, at a minimum, require the student to demonstrate high quality CPR on a manikin simulating an adult patient. The evaluator will be looking for a rate of 100-120 compressions per minute at a depth of 2 inches. They will also need to see the student call for and then use an AED as soon as possible.

Redcross was established as an oath to protect human life and health, alleviate human suffering around the globe, and to ensure respect for all human beings. Well, Red Cross has almost around 17 million volunteers worldwide. But being a volunteer takes a mandatory certification exam, which ensures if you are ready to respond in emergencies or not. So, here we have got you a practice test on ...

This New American Red Cros CPR/AED for the Professional Rescuer Participant's Manual and course reflect changes based on the 2005 Consensus on Science for CPR and Emergency Cardiovascular Care (ECC) and the Guidelines 2005 for First Aid. Changes to this program and manual include simplifications to many of the CPR skill sequences, which helps improve retention. There have also been changes to help improve the quality of CPR. The integration of CPR skills into the operation of AEDs had changed to help improve survival from sudden

cardiac arrest. Professional rescuers are now trained to use AEDs on adults and children. Information has been updated and added to this program to help professional rescuers administer epinephrine, aspirin and fixed-flow-rate oxygen. The skills learned in this course include adult, child and infant rescue breathing, conscious and unconscious choking, CPR, two-rescuer CPR and adult and child AED. Additional training can be added to this course including bloodborne pathogens training and emergency oxygen administration. While the skills and knowledge that professional rescuers use are increasing, this training will help you meet your most important responsibility as a professional rescuer- the responsibility to save lives.

20-2804

Discusses the history and techniques of swimming and diving, safety rescue techniques, and skills for a variety of aquatic activities.
