The Paradox of Choice – Why More Is Less is a 2004 book by American psychologist Barry Schwartz. In the book, Schwartz argues that eliminating consumer choices can greatly reduce anxiety for shoppers. Autonomy and Freedom of choice are critical to our well being, and choice is critical to freedom and autonomy.

The Paradox of Choice - Wikipedia

The paradox of privilege. As we enter 2021 and contemplate what our long-term strategy looks like, it is probably a good time to summarize how salaries, reputation and privilege works. When the concept of remote work first made its way into the workplace, there was much debate on how the pay structure should be designed; should it be lower than those expected to turn up to the office given they do not need to spend on travel or should it be higher because of lower organizational ...
