the perfect way to study for Texas' middle school and high school math teacher certification tests.

Becoming a certified middle school math teacher and high school math teacher in Texas means first passing the TExES Math 4-8 (115) teacher certification test for middle school teachers or the TExES Math 7-12 (235) teacher certification test for high school teachers. This professional teacher certification test is required for all teachers who want to teach math in a Texas middle or high school. Covering each test's six domains and individual competencies with in-depth

dealing with iconicity on the conceptual and the structural levels. On the level of structure, the interface between different aspects of iconicity, lexical meaning and grammar is discussed in reference to both spoken and signed languages. Novel approaches to aural iconicity investigate a wide range of phenomena from phonological iconicity to the role of iconic features in discourse, in the nineteenth century practice of reading aloud, in the almost magic incantations of fin de siècle poetry and in Tolkien's invented languages. Several papers

examine the function of iconicity in visual and avant-garde poetry, where iconic features allow a reduction of means, which, paradoxically, generates textual diversification and complexity. A discussion of iconic text strategies shows how texts are comprehended through iconic holistic transfer from complex natural and action patterns. 'Liberature', which integrates text, image and physical space, is another novel area of study, as are the investigations into the iconic properties of film and of multimedia performance. Film is intrinsically iconic, while

at the same time being, like photography, indexical; in multimedia performance, on the other hand, iconicity functions intermedially by both integrating and reflecting processes of perception and conceptualization. These last two new fields of inquiry further enhance this truly interdisciplinary volume's explorations of icons as 'insistent images'.
