This is just one of the solutions for you to be successful. As understood, triumph does not suggest that you have fantastic points.

**Mitosis And Meiosis Cut Paste Answers**

Cell division is always highly regulated and follows a highly orchestrated series of steps. The term cytokinesis refers to the division of a cell in half, while mitosis and meiosis refer to two different forms of nuclear division. Mitosis results in two nuclei that are identical to the original nucleus. Meiosis, on the other hand, results in four nuclei that each has ½ the chromosomes of the original cell.
