Nice bilingual boardbook in traditional Chinese characters which is great! It's so hard to find toddler books in traditional characters without the pinyin (phonics). Almost all kids book I find are in simplified character and has the pinyin which takes away the beauty of the page making it too busy.

Royal Society Prize for Science Books shows how four tools enabled us humans to control the destiny of our species "A wondrous, visionary work" --Tim Flannery, scientist and author of the bestselling *The Weather Makers* What enabled us to go from simple stone tools to smartphones? How did bands of hunter-gatherers evolve into multinational empires? Readers of *Sapiens* will say a cognitive revolution -- a dramatic evolutionary change that altered our brains, turning primitive humans into modern ones -- caused a cultural explosion. In *Transcendence*, Gaia Vince argues instead that modern humans are the product of a nuanced coevolution of our genes, environment, and culture that goes back into deep time. She explains how, through four key elements -- fire, language, beauty, and time -- our species diverged from the evolutionary path of all other animals, unleashing a compounding process that launched us into the Space
