Turkish War of Independence - Wikipedia

Why Turkeys Are Named After Turkey When the Spanish arrived in Mexico in the 16th century they encountered the already-domesticated common turkey, *Meleagris gallopavo*. They apparently liked the bird; turkeys were among the plunder they took back to Spain around 1519. By 1541, the birds had arrived in England.

Eighty years have passed since Mustafa Kemal Ataturk founded the Turkish Republic out of the ruins of the Ottoman Empire and set it on the path of modernisation. He was determined that his country should be accepted as a member of the family of civilised nations. Today

Read PDF The Turks Today Turkey After Ataturk

Turkey is a rapidly developing country, an emergent market and a medium-sized regional power with the second strongest army in NATO. It is an open country which attracts millions of tourists, thousands of foreign businessmen and hundreds of researchers. They enjoy Turkish hospitality and experience its rich landscape and history, but many find it hard to form an overall picture of the country. In this sequel to his acclaimed biography of Ataturk, Andrew Mango provides such an overall portrait, tracing the republic's development since the death of its founder and bringing to life the Turkish people and their vibrant society. The Turks Today interprets the latest academic research for a broader audience, making this highly readable book the authoritative work on modern Turkey.

Turkish society is frequently accused of having amnesia. It has been said that there is no social memory in Turkey before Mustafa Kemal Atatürk founded modern Turkey after World War I. Indeed, in 1923, the newly founded Turkish Republic committed to a modernist future by erasing the memory of its Ottoman past. Now, almost eighty years after the establishment of the republic, the grandchildren of the founders have a different relationship with history. New generations make every effort to remember, record, and reconcile earlier periods. The multiple, personalized representations of the past that they have recovered allow contemporary Turkish citizens to create alternative identities for themselves and their communities. Unlike its futuristic and homogenizing character at the turn of the twentieth century, Turkish nationalism today uses memory to generate varied narratives for the nation and its minority groups. Contributors to this volume come from such diverse disciplines as anthropology, comparative literature, and sociology, but they

Read PDF The Turks Today Turkey After Atatürk

share a common understanding of contemporary Turkey and how its different representations of the past have become metaphors through which individuals and groups define their cultural identity and political position. They explore the ways people challenge, reaffirm, or transform the concepts of history, nation, homeland, and “ Republic ” through acts of memory, effectively demonstrating that memory can be both the basis of cultural reproduction and a form of resistance.

Even before the collapse of the Ottoman Empire, Turkic communities, living in states newly independent from Ottoman rule, were 'protected' by the Ottomans. With the creation of the new Turkish Republic, the notion of 'Outside Turks' became embedded in a new foreign policy which aimed to unite these communities, with whom Kemalist Turkey claimed to share ethnic origin, to the homeland. After 1980, and particularly during the Justice and Development Party rule, the country's domestic agenda, however, was transformed to imagine Outside Turks along cultural and religious lines, rather than in a purely ethnic sense. Husrev Tabak provides a foreign policy analysis to account for this vital shift, arguing that four post-Kemalist norms are responsible: Ottomanism, de-ethnicized nationhood, Turkish Islam and Islamic Internationalism. By focusing on the case of the Kosovar Turks, the book reveals that the post-Kemalist move to re-imagine Outside Turkish communities was largely counterproductive. In losing Turkey as a secure point of reference for their ethnic identity, these communities began to fashion a nationalism which gained a reactionary character. The Kosovar Turks now more vehemently embrace Kemalist attitudes and discourses and their sense of Turkish ethnicity has been sharpened. In tracing the impact of norm changes within

Read PDF The Turks Today Turkey After Atatürk

Turkey on ethnic Turks beyond Turkey, the book illustrates the way in which domestic norms can be used as a significant foreign policy analysis tool. The Kosovar Turks and Post-Kemalist Turkey will therefore be essential reading for those interested in Turkey's foreign policy and post-Kemalism, as well as those researching the ongoing impact of the Ottoman Empire's multinational, multicultural legacy.

Today's Turkey little resembles that of recent decades. Newfound economic prosperity has had many unexpected social and political repercussions, most notably the rise of the AKP party and President Erdogan. Despite unprecedented electoral popularity, the conduct of the AKP has faced growing criticism: Turkey has yet to solve its Kurdish question; its foreign policy is increasingly fraught as it balances relations with Iran, Israel, Russia and the EU; and widespread protests gripped the country in 2013, as did an unsuccessful coup in 2016. The government is now perceived by many to be corrupt, unaccountable, intimidating of the press and intolerant of political alternatives. Has this once promising democracy descended into a tyranny of the majority led by a charismatic leader? Is Turkey more polarised now than at any point in its recent history? These are among the questions at the heart of *The New Turkey and Its Discontents*, which traces Turkey's evolution under Erdogan's leadership, and assesses the likely consequences at home and abroad.

This book discusses in full the economic, social, and cultural background of modern Turkey's political system. Beginning with a historical sketch of the problems of the Ottoman Empire that gave rise to the early reform movement, Professor Karpat describes the eventual

formation of the Republic and the consequent economic and social changes and the international political developments conditioned by the Second World War. In the central portion of the book he focuses attention on postwar political developments, with special emphasis on the critical period from 1945 to 1950. Originally published in 1959. The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905.

Reports on conditions in Turkey at the beginning of the twenty-first century, looking at the country's potential to become a world leader, and examining the factors that could keep that from happening.

A comprehensive and authoritative review of Turkey's potential successes and failures as part of the European Union.

The authors describe the challenges and opportunities facing Turkey in the international environment during a time of extraordinary flux. Special emphasis is given to the strategic and security issues facing Turkey, including a number of new issues posed by the terrorist attacks of September 2001 and the subsequent international response. They conclude by
